

"Achai cafe! A place where culture and community collide!"

"We can have Bollywood movie nights, fusion food, chai tastings!"

"And we'll be the stars! Everyone will love us!"

"It could be more than just a business. It could be a space for stories and sharing."

"Their new plan takes root a chai cafe that's more than just chai."

"I can already see the headlines! Dev's Chai Dreams!"

"Or 'Dev's Disaster Cafe!'!"

"No, this time we're doing it right. No fines. No running."

"Good luck keeping Dev in line with that plan."
